

COVID-19 POLICY

If you have any questions regarding this policy, please contact info@thenauticalacademy.net.

To adhere to local guidelines, the following procedures enable us to run courses safely, and with minimal risk.

Before the course:

- You must provide us with proof of a negative test (PCR, Antigen etc.) taken within 48 hours of the course start.
- In the unfortunate event of your test result being positive, you will not be permitted to join the course. We will transfer your course fees to a later date providing a replacement student is found. If a replacement is not found, we will retain a 50% cancellation fee and the remainder will be refunded to you.
- Please refer to our terms and conditions for our full cancellation policy.

During the course:

- Your forehead temperature will be tested each morning. Anyone with a temperature above 37.5° will be required to take another test to confirm they are negative before re-joining the course.
- Masks must be worn at all times, except during certain practical exercises. Your instructor will advise when you are permitted to remove your mask.
- Social distancing rules must be adhered to wherever possible.
- With regard to travelling to Barcelona for the practical training day, you are required to fill in a health control form for the return journey to Mallorca.

As you will be in Barcelona for less than 72 hours you are not required to take a test before returning to Mallorca. The Academy will arrange all required health control forms.

We ask that all students take personal responsibility for their own protection against the virus. You are responsible for washing your hands and applying basic health and safety cleanliness to your daily routine and during your time spent with the academy, with your fellow students and our staff. We assure you of sterilised work areas and all precautions to ensure you are as safe as possible during your time in our facilities.
